

SPRING SPECIAL 2017 STOCK PILE

NORTHERN HARDWOOD *Celebrating over 30 years of serving southern Ontario with top quality hardwood*

SPRING SPECIAL 2017

Spring is definitely in the air!

This means that **NOW** is the time for you to save money on your fall/winter supply of firewood. Our happiest customers are those who take advantage of our Spring Special pricing on unseasoned wood.

We have seasoned wood still available at discounted rates as well.

You get to stack it when and where you want to, and have it ready to burn when you want it!

CUSTOM ORDERS:

Do you want it shorter, longer, larger or smaller?

We have been processing the hardwood into 12" or 16" lengths as usual. However, if you have special requirements for your burning device, this is the time to put in your request.

Ask us for quotes on: longer or shorter lengths, (up to 20") finer split, or larger split pieces.

WANT THE BEST DEAL POSSIBLE?

The first **30** customers to order and receive delivery of a full truck load of firewood in **March/April** will receive a **discounted** delivery fee **AND** a complimentary deluxe Northern Hardwood pen featuring an LED flashlight.

NOT SURE HOW MUCH TO BUY?

Let us do the research for you. We can access your order history to assist you in determining what suits your needs the best.
